Dear Karen:

Re: Preliminary Topographical Map  
South Dayton Dump and Landfill Site Moraine, Ohio (Site)

The preliminary topographical map for the Site is attached. The survey is based on an aerial photometry survey of the Site. The aerial photometry survey was completed in accordance with the scope of work provided in the May 9, 2008 Final Land Survey, Bathymetry Survey, and Geophysical Investigation Letter Work Plan. The aerial fly over of the Site was completed on April 2, 2008 by Abrams Aerial Survey, Inc. (Abrams).

The preliminary topographical map, which has a 10-foot contour interval is attached. The AutoCAD file generated by Abrams, which includes a one-foot contour spacing interval, and the aerial photos taken by Abrams are provided on the enclosed compact disk. Should you have any questions on the above, please do not hesitate to contact us.

Yours truly,

CONESTOGA-ROVERS & ASSOCIATES
